

STREETS/STORMWATER MANAGER

FLSA: Exempt

Grade 31 \$61,948.56 - \$99,117.70

GENERAL DEFINITION

Position is responsible for planning, organizing, and coordinating construction, repair, and maintenance activities in the Streets and Stormwater Divisions. Employee in this class is responsible for maintaining stormwater quality and adherence to regulatory standards for the Citywide stormwater function. Areas of responsibility include, but are not necessarily limited to, street and sidewalk maintenance, stormwater drainage, stormwater treatment, and construction of all stormwater facilities. Employees in this classification perform both administrative and supervisory work in the daily management of the Streets and Stormwater Divisions. Work is performed under the general supervision of the Assistant Director of Operations and/or Public Works Director to ensure that overall department goals and objectives are being met.

ESSENTIAL JOB DUTIES

The list of duties and functions, as outlined herein, is intended to be representative of the type of tasks performed within this classification. They are not listed in any order of importance. The omission of an essential function does not preclude management from assigning duties not listed herein if such functions are a logical assignment to the position.

- Manages and provides administrative oversight of all streets and stormwater construction projects; works collaboratively with the City's Capital Improvement Team under the auspices of the Department Director.
- Oversees the Stormwater division preventive maintenance program including, but not necessarily limited to, cleaning of stormwater systems and repair and replacement of structures, facilities, and treatment devices.
- Performs human resource management functions, e.g., interview, selection, hiring, disciplinary action, recommending promotion, performance evaluations.
- Ensures the City's Stormwater Program is in compliance with all applicable ordinances, codes, laws, and regulatory standards applicable to the work; performs mandatory reporting for applicable agencies and legislative bodies.

STREETS/STORMWATER MANAGER

FLSA: Exempt

Grade 31 \$61,948.56 - \$99,117.70

- Assists in preparation and administration of the Streets and Stormwater annual budget; ensures adherence to and compliance with established budgetary parameters.
- Develops and maintains the City's ordinance(s) with respect to the Stormwater Program; amends the division's operations program to meet City obligations for such ordinance(s) and applicable regulatory standards and requirements.
- Represents the department, Director, and City in meetings, conferences, and professional association forums as directed.
- Works collaboratively with Public Information in developing and maintaining a public outreach education program with respect to stormwater.
- Works collaboratively with Public Works Administration for other divisions to address any operational issues and compliance relative to streets and stormwater management.
- Coordinates the activity of consultants as such relates to streets and stormwater capital projects and assists other department staff in coordinating services/projects where applicable.
- Maintains inventory and equipment use records for the divisions.
- Receives and responds to inquiries and concerns from the general public, local business, and regulatory agencies; researches and provides response and resolution accordingly.
- Functions as the City's liaison between permitting and regulatory agencies for all matters relating to the Stormwater Program.
- Maintains current knowledge of trends and developments in the various technical disciplines for application to stormwater management.
- Must be available for 24hr callout.
- Requires regular attendance to scheduled work shifts.

KNOWLEDGE, SKILLS & ABILITIES

- Extensive knowledge of the principles and practices applied to the treatment, management, control, and disposal of stormwater runoff.
- Substantial knowledge of principles and practices associated with sedimentation and erosion control.

STREETS/STORMWATER MANAGER

FLSA: Exempt

Grade 31 \$61,948.56 - \$99,117.70

- Substantial knowledge of the body of available and current information resources applicable to the streets and stormwater functions for technical research purposes and for special projects.
- Considerable knowledge of best management practices as such relates to the construction and regulatory compliance of stormwater structures and facilities.
- Considerable knowledge of legislation and regulatory standards affecting streets/stormwater construction projects, preventive maintenance, and regulatory reporting.
- Knowledge of the development functions of municipal and county government, including the Broward County Environmental Protection Department, South Florida Water Management District, and other departments in the City.
- Knowledge of the principles and practices of public administration, including budget preparation and personnel management.
- Knowledge of modern office practices, with emphasis on computer literacy, word processing, spreadsheet applications, and electronic records and file management.
- Ability to plan, assign, manage, and review the work of others in a manner conducive to full performance and compliance with established code, ordinance, statutes, and regulatory standards applicable to the work.
- Ability to evaluate, analyze, and provide recommendations regarding the provision of municipal stormwater services, or other information as may be determined by City Administration.
- Ability to establish and maintain effective working relationships with internal and external customers, as well as governing and appointed authorities.
- Executive-level interpersonal, leadership, planning, management, and communications skills.
- Ability to communicate professionally and effectively verbally, in writing, and in presentations.
- A strong customer service orientation in work and communication with coworkers, management, elected officials, and citizens.

STREETS/STORMWATER MANAGER

FLSA: Exempt

Grade 31 \$61,948.56 - \$99,117.70

PHYSICAL REQUIREMENTS

The City of Oakland Park is an Equal Opportunity Employer. In compliance with the Americans with Disabilities Act (42 U.S. C. 12101 et. seq.), the City of Oakland Park will provide reasonable accommodations to qualified individuals with disabilities and encourages both prospective and current employees to discuss potential accommodations with the employer. The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

Must be able to operate objects, tools or controls and reach with arms and hands. Traverse rough terrain; walk up or down stairwells, ladders, or steps. The employee occasionally lifts and/or moves up to 20 pounds. Vision ability includes close and peripheral vision and depth perception. Ability to hear. Must also be able to communicate orally.

MINIMUM ACCEPTABLE EDUCATION, TRAINING & EXPERIENCE

Bachelor's degree from an accredited college or university in Civil Engineering, Construction Management, or related field; supplemented by 3 – 4 years progressively responsible experience in public utilities stormwater administration, to include broad exposure to projects construction and management, regulatory reporting and compliance, and administrative aspects of the work, e.g., budget administration, human resources management, organization and delegation of responsibilities; or an equivalent combination of education, training, and experience.

A review of this position has excluded the marginal functions of the position that are incidental to the performance of fundamental job duties. All duties and responsibilities are essential job functions and requirements are subject to possible modifications to reasonably accommodate individuals with disabilities. To perform this job successfully, the incumbent(s) will possess the abilities and aptitudes to perform each duty proficiently. Some requirements may exclude
